

Hello. My name is Daejong Park, a 2nd grader at Gapyeong Buk Middle School.

Thank you for coming directly to our school today. He also said he wanted to come to our school, but I hope you like this school in Gapyeong, our precious school.

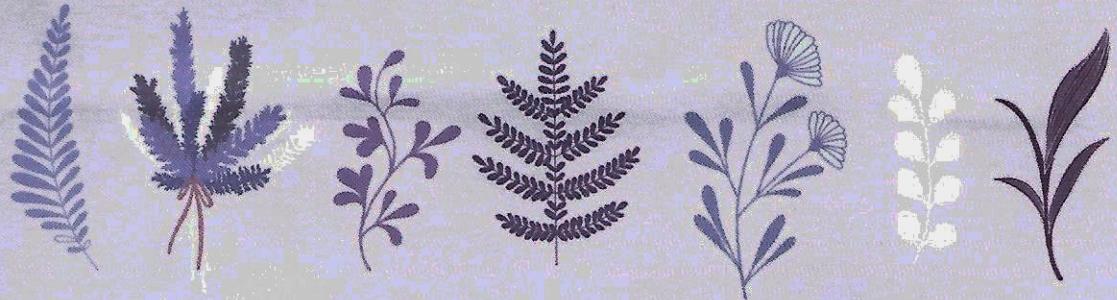

And I have something to say to the veterans who couldn't come today.

About 70 years ago, there was a fight against the Chinese People's Support Army in Gapyeong.

Thank you for overcoming the fear of dying as it is a battle and fighting in Gapyeong until the end.

Thanks to all of you fighting at that time, Gapyeong has become a piece of work that people like, with a peaceful atmosphere and good air. If you hadn't fought back then, there would be no Gapyeong now. Thank you very much again. Love it!!

Also, our ambassadors had a lot of trouble coming a long way. Today, I was going to teach you a game that has been handed down since ancient times in Korea, but next time you come, I will give a

Preparation for that game to one of the embassy members.

Please look forward to the next.

I am aware that we veterans were not able to come because there is a concern about corona19 confirmation.

It would have been nice if you came together, but it's a lot of regret. I'm looking forward to seeing you next year.

I hope that the embassy people enjoy our school lunch and safely enter the house.

Thank you. Goodbye. See you next time~!

# BE awesome TODAY

True love brings up everything

Dear New Zealand Veteran

Hello My name is Ji-hwan Mun

I'm attending Gapyeong Buk middle school.  
I'm very sorry I couldn't meet you because  
of the COVID-19. However, it is an honor  
to be able to tell my story by letter.

I thought it was great to hear the stories  
of the war veterans who engaged in  
battle of Kapyeong. The reason that you overcame  
numerical inferiority and won the Chinese  
army, I admire that you contributed greatly  
to stopping the Chinese Soldiers.

Thank you for protecting the Republic of Korea  
and I will not forget your sacrifice

Sincerely  
Ji-hwan Mun

Hello! I am a middle school student attending Gapyeong North Middle school.

It is a great honor to receive a scholarship like this, and I cannot believe it! It is a pity that the event is stopped due to coron19.

But though

Spending hard days with coron19! Let us all overcome this tough times and take off our masks together and I hope that we can meet again on the day when can meet him again.

First of all, I would like to say comfort. On that day, I am sincerely grateful for watching the game from April 23rd to April 25th, 1951. We don't feel good because we've never been through war, but you've been through a lot of it. You'd have been through a lot of trouble for us to keep them. We might not have been here if it weren't for all your sacrifices.

I write a thank-you letter to the veterans for so short, I am not good enough yet but I hope it will be a comfort to you all.

Once again, thank you very much again  
for sacrificing the precious life for Korea.  
I very much hope that all of us will be in  
peace, no war sick someday

Hollo~ ^~ This is Park Junhee, 2nd grader at Gapyeong buk Middle school.

It is a pity that I could not see other people due to the COVID-19, but it is an honor to meet you again.

I listened to the details of what happened on that day to make the scholarship meaningful and memorable.

It's an easy word to put on my mouth, but as I read it, I thought a lot.

There will be nothing easy in battle. I think I was able to beat the enemy because of their courage, effort and sacrifice.

Another thought is that I am sorry for the family of someone who died.

That's why I know it's something to remember for a lifetime.

I will remember. April 23, 1951.

I will use the scholarship meaningfully.

Thank you to all of you who have come a long way to take the risk of this situation. ^~
